Ideas for ASN’s Sustaining Members?
The Sustaining Members are represented in the Society by a Sustaining Member Committee. The members of this standing committee help to provide visibility within ASN to matters of interest to industry by exchanging ideas and providing support for the society’s activities.

Interested in Adding Your Support to the Society?
Your unrestricted contribution is used to support programs and awards that help the association fulfill its mission: to be the leading nutrition research society dedicated to improving the health of individuals and populations worldwide.

Benefits for FASEB Society Scientists
The Federation of American Societies for Experimental Biology is an organization of multiple member societies representing tens of thousands of life scientists. Working closely with member societies, FASEB staff provide strategic intelligence on policy developments, conduct policy research, and engage government and media relations.

HOW FASEB HELPS YOU
In addition to the benefits you receive from being a member in your own professional society, you also receive a variety of important benefits through your society’s membership in FASEB including:

- Access to FASEB’s Legislative Action Center
- FASEB’s Washington Update
- Subscription discounts for The FASEB Journal
- Members only online access to the FASEB Directory of Members
- CME at FASEB Summer Research Conferences and society meetings
- Career development resources
- Personal development programs
- Credit card and line of credit programs
