Unilever North America

SEARCH ANNOUNCEMENT
Mentor Search for the ASN Science Policy Fellowship

The selection process is currently underway for the American Society for Nutrition (ASN)’s Science Policy Fellowship. ASN will once again offer two (2) one-year Fellowships to graduate students, early professionals, postdoctoral trainees, or medical interns, residents, or fellows interested in the interface of nutrition and public policy in 2017.

We seek ASN members with public policy experience who are willing to serve as a mentor to a Science Policy Fellow during the one-year Fellowship. Mentors are expected to serve in this capacity from March 2017 through February 2018. Throughout the duration of the Fellowship period, mentors will foster the mentee’s nutrition policy research and career via telephone, email, and/or online meeting communications on a regular basis; in-person meetings are encouraged if feasible. Each mentee/mentor pair will hopefully have the chance to meet in person during the ASN Scientific Sessions and Annual Meeting in April 2017.

Please contact Sarah Ohlhorst (sohlhorst@nutrition.org; 240-428-3647) if you are interested in serving as a volunteer mentor to an ASN Science Policy Fellow, or pass along the names of other ASN members who you think would be excellent mentors!

For more information, please go to www.nutrition.org/public-affairs/asn-science-policy-fellowship.
Advances in Nutrition
AN INTERNATIONAL REVIEW JOURNAL
Reviews, including:
Dietary patterns and bone health
Nutrition considerations for healthy aging
Dietary supplements and risk of cause-specific death
Micronutrients and macular degeneration
Necrotizing enterocolitis in preterm infants
Reviews from ASN 2016 Symposia, including:
Nutrition, microRNAs, and human health
Regulation of hepcidin
Nutrient Information:
Nonessential amino acids
Supplements, including:
Yogurt in nutrition
